

Heritage Fair

Volunteer Judges Needed!

We're looking for

- college or university students and professors who are studying or teaching history/social studies
- community members with a background/ interest in history/social studies

to act as volunteer judges at our annual Heritage Fair for students in grades 5, 7 & 8 at King's Town School.

What is the interaction between guest judges and students?

Although our students will benefit greatly from the judges' feedback on their work, they will also be inspired by hearing about the judges' studies/interests in history and social studies.

Judges will visit projects and hear the students' presentations.
